

Screenshot Evidence

The PNG files in this folder demonstrate desktop and mobile layouts, database-generated content, validation feedback, and search/filter behavior.

File	Evidence
01-admin-dashboard-desktop.png	Desktop responsive layout, live dashboard metrics, navigation, and seeded request data
02-plot-filter-results-desktop.png	Server-side <code>status=available</code> filter and plot inventory returned through Inertia
03-database-content-desktop.png	Database-generated community update in the desktop content-management view
04-registration-validation-errors.png	Laravel validation errors returned through an asynchronous Inertia form submission
05-member-dashboard-mobile.png	Mobile member dashboard and responsive navigation drawer
06-database-content-mobile.png	Published database content rendered on a narrow mobile viewport
